Parents of Year 12 Industrial Technology and Design and Technology Students,

As I am sure you are aware, Year 12 Industrial Technology and Design and Technology students are hopefully working hard to complete their HSC Major Projects. To assist students in completing their projects on time, the College workshops will be open for a number of days and supervised by qualified Technological and Applied Studies (TAS) teaching staff during the upcoming Term 1 holiday period.

This is a critical opportunity for students to access the required tools and time in an environment that would be most conducive to completing a professional standard project.

A reminder that final submission dates for the Major Projects to NESA is as follows:

Industrial Technology – Timber: Thursday 10 August 7.30am

Design & Technology: Thursday 24 August 7.30am

Attendance on the holiday workshop days listed over page is not compulsory. However, according to your son's class teacher, it would be most beneficial for your son to attend for the following reason(s):

- Your son is making satisfactory progress, however, he still needs to do a lot of work to complete his Major Project on time.

AND/OR

- Your son is making satisfactory progress, however he is at risk of not completing his Major Project to the standard at which he is capable due to difficulties and challenges that have arisen.

AND/OR

- Your son has been identified as a student at risk of not completing his Major Project due to mismanagement and poor application.

PERMISSION SLIP – Please Return to Ms Kanta

I give permission for my son _____ of Year 12 to attend the following days (Please Tick) at the College to work on his Major Project.

	Date	Major Project Workshop Time	Please Tick:
Week 1 Holidays	<i>Wednesday 12/04/17</i> (Week 1 of School Holidays)	9am-1pm
