Term Two Parents in Touch Forum
Topic: The Heart of a Father
Connecting with his Son
Thursday, 25 May 2017

Dear Fathers/Grandfathers/Uncles and Carers,

On Thursday 25 May a Father and Son evening has been organized for our Term 2 Parents in Touch Forum in the Patrician Centenary Hall. The College has invited Glen Gerreyn, Founder and CEO of *The Hopefull Organisation* to be the guest speaker and facilitator for the evening. Mr Gerreyn is an engaging and inspiring speaker re-igniting and re-discovering hope in young men.

This evening is about fathers and sons connecting on a spiritual and personal level. Fathers are very important in the lives of their sons, they are their positive role models and at times through the busyness of life and work, this can be lost. Holy Cross College aims for young men to embrace their masculinity and develop into young Patrician men. We aim that our young men become men of honour, who are faithful, hospitable, welcoming and kind.

I encourage all Fathers/Grandfathers/Uncles and Carers from Years 8 – 12 to attend this evening.
