28 August 2017

Dear Parents/Guardian

The Creative and Performing Arts Department has organised an incursion for Year 7 students on Friday 8 September 2017. The day will be run by Digi Ed and hosted here at the College.

Students will be engaged in a full day program, discovering the elements of Claymation, as well as basic animation editing skills. While this is a Creative Arts initiative, the students will engage in valuable literacy, collaboration and media skills that can be utilised across all curriculum areas.

Working in groups of 5-6 students will:

- Develop a narrative and storyboard
- Create a set of their narrative
- Create plasticine models
- Develop skills in stop motion animation, using a video camera
- Edit using animation software

Students will be required to:

- Assemble on the Visser Lawn at the start of the day
- **Full College sports uniform is to be worn on the day.**
- Access a USB/portable hard drive to save their animation

Normal recess and lunch breaks will occur on the day, and students will need to bring their own recess/lunch or use the canteen facilities.

This is a great opportunity for all students and will be an enjoyable and rewarding day. If you have any questions please contact Mrs Rachel Malizis here at the College on 02 98081033.

Yours sincerely

Mr Peter Keogh  
LEADER OF LEARNING - CAPA

Mr Michael Croucher  
DIRECTOR OF LEARNING & CURRICULUM
